Thanks for helping us make CYC a place where every student can fully engage in all that God has planned.

Students who still need to pick up their wristband or complete check-in will need a parent or guardian to accompany them inside.

For pick-up, parents will need to park and let their student know they have arrived.

Student Drivers

Students who drive themselves to Citymark Youth Conference are welcome to do so. However, once they have checked in each morning, they are expected to remain on campus and may not leave in their vehicle until the end of the conference day. If a student needs to leave early for any reason, parent or guardian permission is required before they will be allowed to leave campus.

Safety & Medical

Student Safety

Your student's safety is one of our highest priorities. Throughout the conference, every student will be assigned to a small group led by a trusted, background-checked leader who will help guide them through each day's activities and be their primary point of contact.

For added security, Citymark Youth Conference is supported by hired police officers who monitor all conference activities both on and off campus, along with our trained volunteer Safety Team. Together, these teams work to provide a safe, secure environment so students can focus on encountering Jesus and building meaningful relationships.

Volunteer Screening & Training

Every adult and volunteer serving at Citymark Youth Conference has successfully completed a background check and has been approved to serve. We take this process seriously and maintain high standards for everyone serving throughout the conference.

In addition, all volunteers receive training on student safety, appropriate interactions, and our ministry policies. They are expected to follow strict guidelines that help create a safe, healthy, and Christ-centered environment for every student.

Medication Procedures

Citymark Youth Conference volunteers and staff are not able to handle, store, or distribute prescription or over-the-counter medications. We ask that students refrain from bringing medications unless they are medically necessary.

If your student must bring medication, please be sure it was disclosed in the medical information section during registration. This helps our team be aware of any medical needs while your student is attending conference. If you have any questions or unique circumstances, please contact us prior to the start of conference.

Supporting Your Student During Conference

Citymark Youth Conference has the potential to be one of the most exciting, life-giving, and transformative weeks of your student's year. Because students return home each evening, you have a unique opportunity to help reinforce what God is doing in their hearts. A few intentional moments at home can make a lasting difference and help your student continue building on what they experienced each day.

Here are a few ways you can support your student:

- **Pray** for them before they leave each day and after they get home.
- **Ask meaningful questions** like, "What did God teach you today?" or "What stood out to you?"
- **Create space for conversation.** Put distractions away and let your student share what they're processing.
- **Encourage community.** If possible, allow your student to spend time with friends from conference each day. Whether it's grabbing dinner together, hanging out, or even hosting a sleepover, these moments can help continue the conversations and friendships that God is building throughout the week.
- **Encourage their next step**, whether that's reading their Bible, praying together, getting baptized, joining a small group, or serving.
- **Keep the momentum going** by talking about the message throughout the week and encouraging them to apply what God is teaching them.
- **Celebrate what God is doing** in their life and remind them that God isn't finished working when the conference day ends.

Thank you for partnering with us as we invest in the next generation. We believe God is going to do incredible things, and your encouragement at home can help those moments become lasting life change.
